

Before the  
POSTAL REGULATORY COMMISSION  
WASHINGTON, D.C. 20268-0001

Periodic Reporting  
(Proposal Four)

Docket No. RM2016-12

**NOTICE REVISED CONFIDENTIAL FILING, ETC  
(November 15, 2016)**

On November 14, 2016 the Public Representative filed a Public, Redacted Version of its Confidential Reply Comments. It also filed a Confidential Version, without redacted text and figures.

The filing did not mention that the redacted portion appeared as blank space in its Public Comments. In order to ensure parties know for certain which areas have been redacted, the Public Representative is filing a Revised Version of its Public, Redacted, Reply Comments. The redacted text and figures now appear as black text boxes, labelled "Redacted."

In addition, the Revised Confidential and Public Reply comments changed the word in footnote 5 from accrued to attributable. The change is reflected in the revised filings made today.

**Respectfully submitted,**

**By: /s/ Larry Fenster
